Heiko Kabutz, a grade 12 pupil at the Deutsche Schule Pretoria, won the overall first place at the IT Showcase competition.

The IT Showcase is an initiative aimed at creating a platform for South African Grade 12 IT learners to showcase their projects and ideas.

Heiko Kabutz

The IT Showcase hopes to create a meeting place between Grade 12 IT students, businesses and tertiary institutions.

Twenty-two pupils participated over three rounds. The top three candidates had to present their projects to a panel of judges.
